10 Listing of Claims

1-7. (Canceled)

15 8. (Currently Amended) A golf putter, comprising:

(a) a putter head having a striking face, a sole, a centerline marker marking a desired area of putter to ball impact, marking a center of gravity of
20 said putter head, a toe normally positioned remote from a user when in play and a heel opposite said toe; and

(b) an elongated putter shaft having a grip on one end
25 and, at an opposite end, attached to said putter head between the centerline marker and said toe, said putter shaft having a transverse marking which lines up vertically with the centerline marker on said putter head when a user is holding
30 said putter in a putting position, wherein a line of sight of the user originates from eyes of the user and passes through said transverse marking and said centerline marker when said user's eyes are positioned vertically over the centerline of
35 said putter head.

9. (Currently Amended) The golf putter according to claim
8, wherein the centerline marker is perpendicular to the
striking face and is vertically aligned with the desired
area of putter to ball impact center of gravity of said
5 putter head.

10. (Currently Amended) The golf putter according to claim
8, wherein said putter shaft ~~extends across said putter head~~
from an area proximate said toe towards said heel at,
10 forming an acute angle with the sole of said putter head,
crossing said shaft crossing a plane, wherein said plane
bisects said putter head at said centerline marker and is
perpendicular to said striking face the center line of said
putter head.
